NICOMAC

Att: Tomaso Nigris

Via J.F. Kennedy 47

20090 Rodano (Milano)

Italy

I would like to thank you for the quality cleanroom installations you provided for both projects; OSD (4000 m²) and MDI (420 m²) at our facility in Heist op den Berg. Our clients and upper management are quite impressed with the quality of the facility and how you organized the project respecting the time schedule.

The time and effort you have spent in coordinating the integration of some of our equipment with your clean rooms and the attention paid to the fine details are greatly appreciated. Everyone is quite pleased with the quality of the finish details.

I would highly recommend your clean room system to anyone in our business or any other business looking for quality finish installations. I would also like to add that you could do this at an extremely competitive price.

It has truly been a pleasure to work with your company. I look forward to working with Nicomac on my future projects.

Regards,

Ray Mikrut
Project Manager
